# CREATED BY DESIGNERS

We are perfectionists. That's why it took four years and hundreds of versions of the formulation for us to create Prestige by Fleetwood. It is, quite simply, our finest paint. Combining the very best resins, exceptional pigments and advanced technology, it applies beautifully and provides a rich, durable finish.

The Prestige paints came about from extensive discussions with interior designers. They wanted a true representation of their ideas on the wall and that required an exceptional paint. One that goes on like a dream and covers perfectly while providing a sumptuous, enduring finish that's perfect for the rough and tumble of everyday life.

The result is Prestige by Fleetwood.

We love working with creative people. It's why collaborations are integral to the Prestige colour collection. Our partnerships with internationally renowned designers, Arlene McIntyre and Róisín Lafferty have resulted in a curated range of considered colours to transform your home. Together, they have crafted 30 colours for this collection.

We also offer a core range of contemporary and traditional muted colours and, if you're looking for a bespoke shade, the Prestige base can be used to create one of your own.

Whatever colour you choose, you can do so in the knowledge Prestige by Fleetwood has been handcrafted in Ireland with the greatest of care.

# CLEAN AIR FOR YOUR HOME

## **Prestige Air-Purifying Scrubbable Matt**

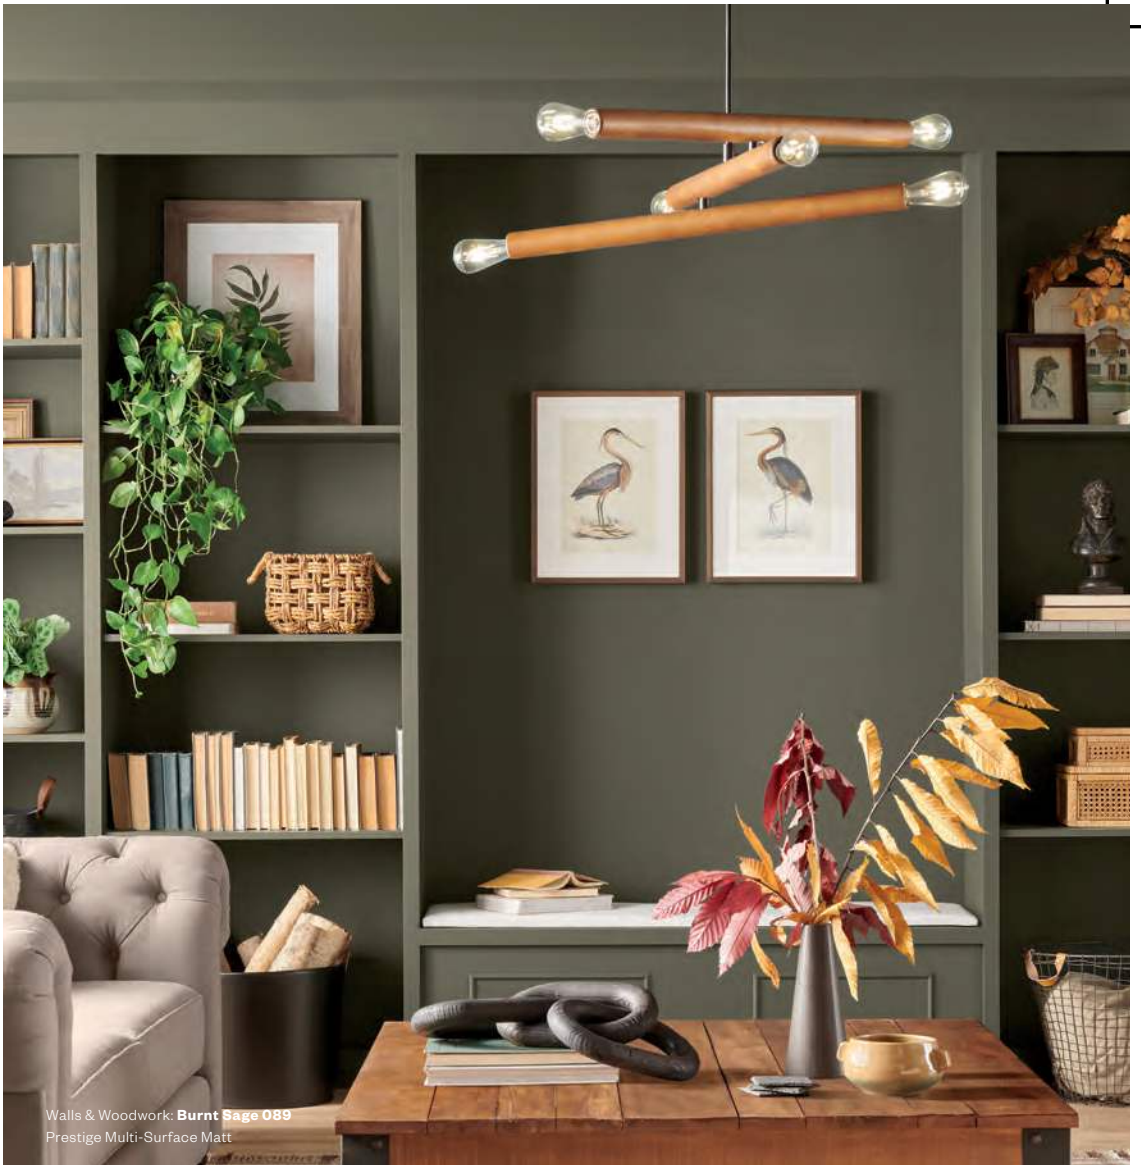

Experience a paint that not only beautifies your space but also works hard to protect it.

Designed with families in mind, the innovative Prestige Air-Purifying Scrubbable Matt paint actively cleans the air by breaking down harmful chemicals, ensuring a safer environment for your loved ones long after it dries. Its ultra-durable and scrubbable finish stands up to the

wear and tear of everyday life, making it perfect for busy households. With an exceptional 2% dead-flat matt finish, the colour depth is unmatched, adding a unique and sophisticated look to any room.

# ARLENE'S COLOUR STORY

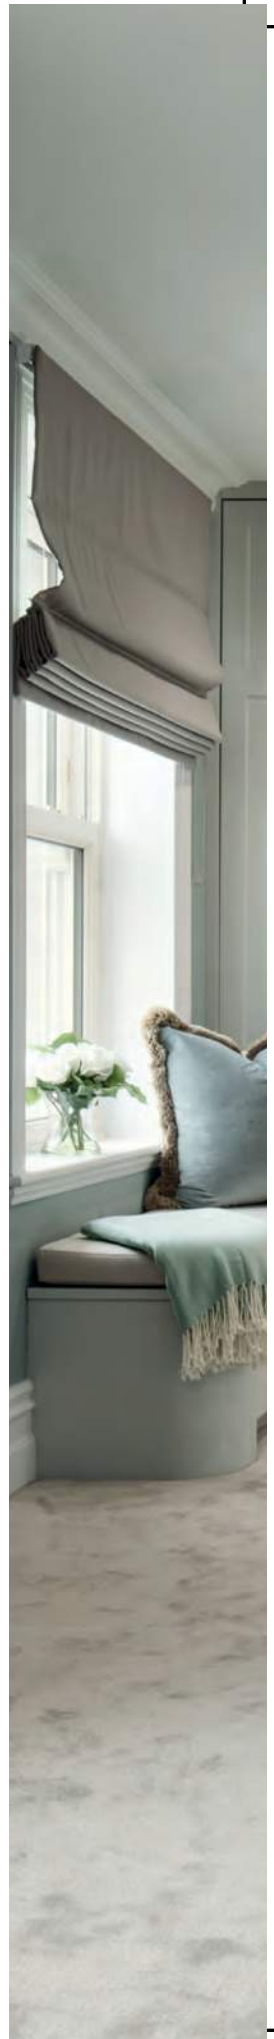

At Arlene McIntyre Design, our focus is to craft surroundings that feel both contemporary and classic—places where elegance meets modern simplicity. The Arlene McIntyre Paint Collection is a reflection of Arlene's ability to create stunning rooms with timeless versatility. Each hue is a carefully considered mix of tradition and modernity subtle enough to last a lifetime, but bold enough to make an impact in today's design world.

The launch of Arlene's collection is a celebration of not just colour but of her vision for how interior design can inspire a deeper connection to the spaces we inhabit. It is about creating harmony, evoking emotions, and designing spaces where people can feel truly at home.

Her colour collection will shape their own stories, transforming ordinary spaces into everlasting, elegant homes. Arlene's design ethos is simply to be considered and intentional, this philosophy is what drives her to carefully select every detail, from furniture to paint colours, to create interiors that are not only stunning but meaningful.

# THE COMPANY STORY

The story of Fleetwood is as much about people as it is about paint and brushes. It's about Andrew Doyle, who founded the company. It's about his sons, Conor and Brian, who shaped and grew the business, and his grandson, Alex, who, alongside a wonderful team, runs the company today.

**Basil Glennon, Tom Kelly and Mick Byrne.  
Fleetwood Sales team in the 1960's**

Together, with generations of other families that have worked at Fleetwood, they built Ireland's largest homegrown paint and brush company. It was 75 years ago that we made our first brush and 45 years ago that we created our first can of paint.

It was – and still is – paint made in Ireland for Ireland. Based in a dedicated factory in the heart of the Lakelands of County Cavan, we are custodians of the Fleetwood name and the beautiful landscape we call home. We take both roles very seriously.

**The first Fleetwood logo in the 1950's.**

We believe it's important to innovate and create the very best quality paint while also treading lightly in our surroundings. It is this spirit of craftsmanship and bond of family that make Fleetwood what it is today.

When you buy a can of Fleetwood paint, you can be sure it comes direct from our family to yours.
